About Make-A-Wish®

Make-A-Wish® grants the wishes of children with life-threatening medical conditions to enrich the human experience with hope, strength and joy. According to a 2011 U.S. study of wish impact, most health professionals surveyed believe a wish-come-true has positive impacts on the health of children. Kids say wishes give them renewed strength to fight their illness, and their parents say these experiences help strengthen the entire family. Headquartered in Phoenix, Make-A-Wish is one of the world's leading children's charities, serving children in every community in the United States and its territories. With the help of generous donors and more than 25,000 volunteers, Make-A-Wish grants a wish somewhere in the country every 38 minutes. It has granted more than 240,000 wishes since its inception in 1980; more than 14,000 in 2012 alone. Visit Make-A-Wish at [www.wish.org](http://www.wish.org) to learn more.
